MANY SIGNS OF SPRING AT CLINT

Big Acreage in Oats to Be
Planted on Cox
Ranch.

Clint, Tex., March 9.—With the past few days of warm weather, the alfalfa fields which have been irrigated are getting green and trees are budding, and in some instances are in bloom. More than 100 acres of oats will be planted on the W. J. Cox ranch, two miles south of Clint. This crop will be planted by many of the farmers who have been raising wheat heretofore, as it has proved to be easier to handle after maturing, and yields much heavier than the former crop.

A new Stover pumping plant has been installed on the Joe Silva ranch, east of this place. R. Z. & M. of El Paso, did the work. This firm is also installing a system of the same kind on the Cox ranch.

Capt. Pat Dehan and family moved onto their new place, north of town, this week. Mrs. H. H. Richardson, of Deming, N. M., and Mrs. Lilla Elliott Coomer, of Santa Fe, are visiting at the home of Mr. and Mrs. R. G. Murphy.

Extensive interior improvements are being made at the store of Edgar D. Brown company.

John Johnson and R. A. Kibby are both reported on the sick list at this writing.

Roxie Webb, son of Mr. and Mrs. M. H. Webb, who lives four miles east of this place, was taken to El Paso Thursday and placed under the care of a trained nurse, and is reported to be suffering from pneumonia.

The family of Mr. Jackson, who is a bookkeeper for the Edgar D. Brown company, will be moved to this place about the 15th of this month, and will occupy the R. D. Thomson property, in the southern part of town.

SELLS-FLOTO TO BE HERE SOON

Circus Quits Use of Bill-
boards; Uses News-
papers Only.

William Haines, contracting agent of the Sells-Floto circus, is in town today. Mr. Haines has come in advance of the show in order that supplies necessary for its engagement here, which is of Tuesday, April 2, shall be ready to be delivered just as soon as the first section of the circus makes its appearance.

The circus is not using billboards for advertising. The newspapers are used exclusively. This is the first circus to quit the billboards and adopt the newspapers exclusively as a means of advertising.

Mr. Haines says that this season many new and startling features have been added to the program, among them some which have been imported from Europe at considerable expense.

The prices this year will remain as formerly—25 cents.

LEGISLATURE SPLITS ON PRIMARY MEASURE

Massachusetts May Select
Its Delegates in the
Old Way.

Boston, Mass., March 9.—The lower branch of the legislature split with the senate on the presidential preference primary bill and unless one branch rescinds action, Massachusetts will select its delegates to the Chicago and Baltimore conventions under the old system.

The house amended the bill passed by the senate to include the selection of delegates at large, as well as district delegates by primaries, but later killed an amendment that would have altered the bill in conformity with the senate provisions.

The enlarged bill now goes back to the senate which recently defeated a proposition to include delegates at large.

COLLEGE STUDENTS IMPROVING COURTS

Preparations Made For the
Spring Contests in Tennis
at Mesilla Park.

Agricultural College, N. M., March 9.—The tennis courts are being worked over and put in shape for spring play, and it is likely that several matches and tournaments will be played off during the next two months. There are now five courts in playing shape in the vicinity of the college.

Rev. Hunter Lewis gave an enchilada supper at Mrs. Olinguer's residence for the benefit of the Y. M. C. A. About 100 people were present and ate of the Mexican delicacy.

On Saturday afternoon the young women of the Y. W. C. A. gave a reception in the domestic science rooms for Miss Inez Kinney, the state secretary of the Y. W. C. A. for New Mexico, who arrived Friday from Denver.

Several members of the order of the Eastern Star went to El Paso on Saturday to attend the meeting of that organization held there Saturday night.

Preparations are being made for the local field and track meet which is to be held on Miller Field Friday, April 15. The local meet is preliminary to the Southwestern Amateur Athletic federation tournament which will be held at the college on May 4.

Mrs. J. E. Mundell is visiting her brother, professor G. E. Linn, and will remain about two weeks. Professor J. E. Mundell is connected with the U. S. department of agriculture as special dry farm agent at Tucuman, in which place he has just returned from a sojourn in Washington, D. C.

Mrs. Hiram Hadley entertained 12 of her friends on Thursday at lunch, the guests being Mesdames Bibby, Badenoch, Kerr, Hammond, Stevens, Thatcher, Anderson, Sage, Hornbrook and Hagerity, and Misses Miller and Morrison.

**STOLEN PAPER IS OFFERED
FOR SALE IN EL PASO**

When the notes in the vault in the Banco Nacional in Juarez were looted several thousand pesos worth of notes and other securities and several drafts were taken, and these the robbers have been trying all day to convert into cash. Notes made by Juarez men and firms have been offered at heavy discounts.

Some of the paper was offered on the American side of the river. So far as known, none was disposed of. The manager of the bank has tried to warn the people not to deal with the robbers and thinks possibly none of the paper has been realized on.

The Moslem's Rosary.

The Moslem's rosary consists of ninety beads, and a distinct ejaculation is appropriated to each as it passes between the fingers. Each ejaculation generally consists of two words and declares a name or attribute of God. Almost all Moslems in the upper and middle ranks of life carry in their pockets or bosoms a string of beads for this purpose, which they use not only at the time of prayer, but while sitting and smoking their pipes, walking in the streets or even while engaged in conversation. When a Moslem has gone over his beads at the regular time of prayer he folds his hands, and then, holding them up, as if to receive something from above, he prays for such blessings as he desires for himself or his household.

When this is concluded he strokes his beard with his right hand and says, "Praise be to God!"

Voice of Experience.

A young girl recently went to her aunt on a momentous occasion. She explained that a gentleman was coming to see her.

"I am sure he likes me," she added. "and—at—I think he means to propose. I don't like to ask mother how I should act under the circumstances, but—"

"Do you like him?" interrupted aunt sternly.

"Very much," answered her niece. "Enough to marry him?"

The girl blushed and replied in the affirmative.

"Then," said aunt, with an air of authority, "don't let there be any shilly-shallying. When he pops don't turn red and look down at the carpet. Just throw your arms around his neck, look him full in the eye and begin talking about the furniture."—Philadelphia Ledger.

Opening Display of Boys' Spring Clothes for the Spring Season

IN the boys' section, new styles are being added almost every day. The fact that we keep in such close touch with the Eastern markets is evident in the garments we show. Never before has El Paso known such a large and metropolitan assortment of clothes for boys, for the boys' section is an important feature in this store. It is by no means a side issue. It will be wise for you to come at once and get your choice of the assortments while they are at their best. The beautiful styles we show are not to be found elsewhere, and at no other store can you buy such thoroughly dependable goods at such low prices.

The Letters on the Stone.

Such is the skill of modern counterfeiters of antiques that the most learned experts are often deceived into paying enormous prices for relics of bygone ages. Frequently, too, the task of the swindler is made easy by the enthusiasm of the antiquary. An instance of this was when Vallancey, the celebrated Irish antiquary, paid a great sum for a sculptured stone found upon the hill of Tara. He reproduced the six letters engraved on the stone in his costly work of antiquities and made them out to be "Belus, a God of Fire." They proved afterward to be only some of the letters of the name of an Irish laborer scratched upon the stone with a knife.—Minneapolis Journal.

The Mohi Indians are sun worshippers, and their Christmastide festival is a sun dance. It is much like the snake dance of the midsummer season.
